

# 5 Pc. Combination Reversible Dual-Jaw Adjustable/Pipe Wrench

- Special reversible jaw provides the functions of both an adjustable wrench and a pipe wrench
- Dual calibrated scale on head determines both SAE and Metric fastener size
- Special teeth angle enables constant gripping power
- Heavy-duty chrome vanadium steel construction provides strength and anti-corrosion.
- Ergonomic handle reduces hand fatigue and offers additional tool strength.
- Lifetime warranty
- 5 pc. Set includes 6", 8", 10" & 12" wrenches with a custom roll-up velcro pouch to keep tools organized and make them easy to store
- 6" wrench max jaw opening 7/8" or 22 mm
- 8" wrench max jaw opening 1 1/8" or 28 mm
- 10" wrench max jaw opening 1 5/16" or 34 mm
- 12" wrench max jaw opening 1 9/16" or 40 mm

**By reversing the jaw, the grip is changed!**

**Pipe wrench mode**

**Standard Mode**
