CONSULT LABEL AND MSDS BEFORE USING.**

**BIO-SCRUB
CREME CLEANSER**

BIO-SCRUB's Bio-Enzymatic power eliminates stains and odors, removes lime deposits, cleans, polishes and provides continuous cleaning action in pipes, drains and waste systems. This crème cleanser is a newly developed unique, patented, non-acid, non caustic, safe, bathroom bowl/surface cleaner. Its formulation removes stains while it's bio-enzymatic power deodorizes surface area. This product also provides cleaning action in pipes, drains, and waste systems by actually seeding the system with multiplying colonies of enzyme-producing bacteria that digest and deodorize waste. This cleaner is the only **COMPLETE SYSTEM CLEANER**. It polishes, deodorizes and removes surface and drain line deposits safely.

DIRECTIONS

NOTE: SHAKE WELL BEFORE USING.

Surfaces: Squeeze directly onto surface or onto damp sponge. Rub clean and rinse. Close cap after use.

Toilet Bowl: For best results use plunger and reduce water level as much possible. Apply to stained surface area. Clean immediately with bowl brush, mop or sponge. Flush and rinse. Close cap after use.

Attention: To minimize scratching aluminum, fiberglass, plastic and enamel, use sparingly. Rub gently with damp sponge.

Additional Information

BIO-SCRUB is a unique alternative to many common cleaning products. This revolutionary product cleans, deodorizes and treats drain lines all at the same time. **BIO-SCRUB** is the only Complete System Cleaner and provides numerous benefits for the user. The patented formula in **BIO-SCRUB** uses multiplying colonies of enzyme-producing bacteria that digest and liquefy organic wastes, remove stains and eliminate odors. Mild abrasives are added to increase the cleaning power without the risk of scratching. **BIO-SCRUB** is tough on stains but safe on the environment. The non-acid, non-caustic formula safely removes stubborn soils, polishes, eliminates odors and provides continuous cleaning action in drains, septic tanks and sewer systems. Use **BIO-SCRUB** instead of cleanser, grease cutters, bathroom cleaners or soap scum removers and be amazed with the performance of this product. After using **BIO-SCRUB** on a regular basis you will notice your plumbing systems will run better and better as time goes on and ultimately fewer drain problems will be encountered. Why not have the cleaning crew help with the preventive maintenance of the plumbing system by using **BIO-SCRUB** for their daily cleaning.
