COMFORT FOAMING HAND SOAP Deluxe Hand Soap with Moisturizers

COMFORT FOAMING HAND SOAP is a deluxe formula designed to make hands feel and smell terrific. Added skin conditioners and emollients give **COMFORT** a rich, smooth texture. Lightly scented, this pleasant product leaves your hands fresh and clean. The foaming dispenser provides maximum economy by aerating the soap and dispensing only a small amount at a time. **COMFORT FOAMING HAND SOAP** is ideal for use in hospitals, restaurants, fitness centers, schools, public restrooms, clubhouses, recreation centers, RV's, cruise ships, etc. The unique design of both the soap refill pouch and the dispenser spout provide measured amounts of soap without dripping all over the fixtures.

DIRECTIONS FOR USE:

To mount the soap dispenser: Thoroughly clean and dry the surface where the dispenser is to be mounted. Remove the backing from the adhesive strip and firmly press against wall or partition. Secure with supplied screws for extra security if desired.

To refill dispenser: Gently slide the foaming nozzle of the soap refill pouch into the slot and lock into place then close the front cover of the dispenser to secure.

To dispense soap: Each push on the front of the dispenser will release a measured amount of soap into the palm of the hand. When not in use, soap will not drip out of the dispenser and create a mess or cause excess waste.

INGREDIENTS: Deodorized Water, Sodium Laureth Sulfate, Cocamidopropyl Betaine, Cocamide DEA, Lauramide DEA, Aqueous Cationic Copolymer, Fragrance.

Additional Information

Contact your local **SUPERCO** representative today for more information and a demonstration of our **COMFORT FOAMING HAND SOAP**. Inquire about our free, installed, restroom dispenser program. This deluxe hand soap is silky smooth and comfortable. Guests using your restrooms will remember how much they enjoyed washing their hands at your facility when they use our **COMFORT FOAMING HAND SOAP**. The foaming action is designed for both comfort and maximum economy. Use this foaming hand soap system to replace your old dispensers and reduce waste caused by defective and dripping dispensers.
