COVER-UP
Paint & Graffiti Cover Up

COVER-UP is a new, time and money saving advance in Paint & Graffiti cover! It's simple to use and very effective - no need for a paint stripper! **COVER-UP** can be used on concrete surfaces, will provide a durable cover-up and even covers tough red-bleeders! **COVER-UP** is simple to use and covers with as little as one coat. This quick dry product is highly durable!

DIRECTIONS FOR USE:

1. Surface must be clean, dry and free of rust before painting. Protect surrounding areas from spray mist. For best results, use when can is between 50F and 90F.
 2. Shake can at least one minute after rattle is heard and occasionally during use.
 3. Spray surface with steady, even stroke at a distance of 8 to 10 inches. Several light coats will give a better finish than one heavy coat.
 4. If clogging develops, turn sprayhead 1/4 turn or remove and clean sprayhead. DO NOT stick pin or other objects into can opening. With can and sprayhead pointed away from you, reinsert sprayhead with a gentle twisting motion.
- To clear sprayhead for future use - turn an upside down and spray for 3 seconds. Completely empty cans may be recycled or disposed of with regular trash. Dispose partially empty cans responsibly. DO NOT incinerate or compact cans.

Additional Information

COVER-UP is an innovative product designed to cover markings, paint and graffiti on all types of concrete and cinder-block surfaces. This unique formula contains special pigments and can also be used as a primer coating. **COVER-UP** matches concrete in color and covers graffiti and paint in as little as one coat. **COVER-UP** prevents graffiti from bleeding through and can be painted over to match previously painted surfaces. Use this product where others have failed. **COVER-UP** is the fastest and easiest way to cover graffiti on concrete and block walls, walkways, sidewalks, bridges, overpasses and more. Contact your local **SUPERCO** representative for information and a demonstration of **COVER-UP**
