DURA LUBE
Foaming Chain and Cable Lubricant

- FORMS A RUST PROTECTIVE COATING
- PENETRATES TO CORE OF CABLE
- PROTECTS AGAINST FRICTION, WEAR, HUMIDITY, SALT SPRAY, CHEMICAL VAPORS, AND WATER DAMAGE
- HIGH PRESSURE AND EXTREME TEMPERATURE RESISTANCE

Product # 1047

FOR PROFESSIONAL USE ONLY
CONSULT LABEL AND MSDS BEFORE USING.

DURA LUBE is authorized by USDA for use in federally inspected meat and poultry plants.

DURA LUBE is fortified with Molybdenum Disulfide to provide anti-wear and extreme pressure resistance as well as resistance to elevated temperature breakdown. Other special additives provide excellent penetration and rust prevention.

USES:

Chains, Booms, Hoists, Saws, Conveyors, Cables, Tow Lines, Wire Rope, Cranes, Winches, Bearings, Rollers, Shipyards, Mining, Railroads, Factories, Steel Mills, Road Equipment, Material Handling Companies, Containerized Shipping Companies, Road and Construction Machinery, Marine, Aircraft, Field Handling, Chain saws, Conveyors, Cutter bars, Hoist Chains, Link and Roller Assemblies.

DIRECTIONS FOR USE:

Spray area liberally. Allow to penetrate. Apply final cover coat.

INGREDIENTS	CAS NUMBER
ISOPARAFFINIC HYDROCARBON	64742-48-9
LITHIUM GREASE	N/A
TECHNICAL WHITE MINERAL OIL	8042-47-5
ALIPHATIC MINERAL SPIRITS	64742-88-7
HYDROCARBON PROPELLANT	68476-86-8

Additional Information

DURA LUBE is a mixture of penetrants, antioxidants, oils and greases for use on chain drive equipment, cables and wire rope. This advanced formula reduces friction and wear on moving parts and in all metal to metal applications. A special "Moly" additive increases high temperature and pressure resistance. **DURA LUBE** penetrates deep inside the core of wire rope to provide superior lubrication at the point of greatest stress. The lubricant stays in place and will not drip or fly off chains and cables during operation. **DURA LUBE** retains lubricating properties under heavy shock load, acidic environments and salt spray. **DURA LUBE** may be used under widely varying climatic conditions, and will not break down under prolonged use. **DURA LUBE** is a heavy duty product specifically designed for use on chains, cables and wire rope and provides long lasting lubrication and protection. For information and a demonstration of **DURA LUBE** contact your local **SUPERCO** representative.
