TRADE SECRET

**CAS NUMBER**  
N/A

**GRIP TIGHT** stops tools from slipping off rounded screws, fasteners, nuts or bolts. Apply to either the screw or the fastener. **GRIP TIGHT** works instantly so there is no waiting or curing time involved. Simply clean tools after removing all the stripped-out screws. Nothing could be easier to use than **GRIP TIGHT**.

### DIRECTIONS FOR USE:

1. Shake container well.
2. Apply a drop or two of **GRIP TIGHT** to the head of the screw or to the tip of the screwdriver.
3. Remove the damaged screw or fastener with ease.

Contains no hazardous ingredients as listed in the following references: (1) CFR 29, 1910.1000, subpart Z, REV 01JUL88; (2) The Director's List of Hazardous Substances (CA); (3) Threshold Limit Values and Biological Exposure indices for 1989-1990 (ACGIH)

## Additional Information

Nothing can be more frustrating than a stripped or rounded screw or fastener head holding up the job at hand. Everything comes to a halt while the bad fastener is drilled out or pounded through and the resulting damage to the area around the screw is repaired. This is an inconvenient and costly situation that happens all too frequently. The cost of the excess labor combined with the loss in productivity can really add up. **GRIP TIGHT** handles these problems with ease. Simply apply a drop of product to the head of the screw, bolt, fastener or to the tip of the screwdriver and previously impossible to remove screws come out easily. With the use of power tools becoming the standard for virtually all types of construction and assembly, it is no surprise that more and more often maintenance personnel are faced with having to remove a damaged fastener to complete repair work. All maintenance professionals should keep **GRIP TIGHT** handy in the shop or toolbox to completely eliminate any wasted time or costs due to damaged fasteners. **GRIP TIGHT** is a revolutionary new product and we at **Superco Specialty Products** are dedicated to bringing our customers the most advanced and highest performance products available today. Contact your local **SUPERCO** representative for a demonstration of **GRIP TIGHT**.
