Additional Information

IVY-X pre & post contact liquid and towelettes are the easiest way to both protect and cleanse either before or after contact with poison ivy, poison oak or poison sumac. **IVY-X** pre contact creates an invisible barrier of protection which prevents plant oils from being absorbed by the skin yet allows skin to breathe. **IVY-X** pre contact is not greasy or sticky, goes on clear and dries quickly. **IVY-X** post contact is designed to both cleanse and moisturize the skin reducing irritation. For more information on **IVY-X pre & post contact liquid and towelettes**, contact your local SUPERCO SPECIALTY PRODUCTS Representative.
