LENS CLEANING TOWELS

Choose Sight Savers Pre-Moistened Tissues are designed to clean glass and plastic lenses. These tissues are easy, convenient to use and provide anti-fog and anti-static protection. Perfect for home, office, toolbox, glove compartment, briefcase or purse. Excellent for eyeglasses, sunglasses, camera lenses, computer screens and more.

DIRECTIONS:

Remove any dirt or grit from the lens; if grit is on the lens, damage may occur to any applied coatings or the lens itself.** Open packet, remove and unfold pre-moistened tissue. Clean both sides of the lens thoroughly.

**IMPORTANT Notice: Remove all debris and particles from lenses prior to using pre-moistened tissue to avoid scratches.

- Cleans glass and plastic lenses
- Anti-fog and anti-static protection
- Large 4" x 5.5" Tissues
- 100 individually wrapped, pre-moistened tissues/pack in a case of 500 (5 boxes)

A lot of clean in a little package. Sight Savers Pre-Moistened Lens Cleaning Tissues are individually packaged lens cleaning tissues treated with special surfactants that clean all glass and plastic lenses. The tissues provide anti-static and anti-fog protection for moderate conditions.

They are convenient to use; perfect for home, light industrial, office, toolbox, glove compartment, car or truck. Excellent for safety and prescription eyeglasses*, goggles, face shields, computer screens, automobile mirrors and more.

The dispenser holds 100 individually packaged, large 5" x 8" folded pre-moistened tissues. Place the gravity feed dispenser where it's most accessible in a workplace or office environment. Then take and use the individually wrapped tissues wherever you need them.
