

LOOSEN UP

EARTH FRIENDLY

Organic Penetrating Oil

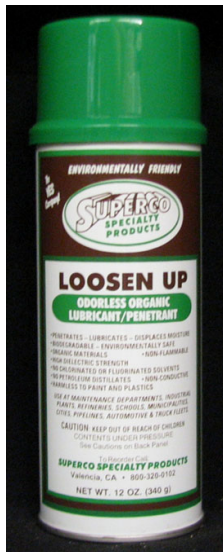

- Penetrates - Lubricates
- Displaces Moisture
- Biodegradable
- Environmentally Safe
- Organic Materials
- Nonflammable
- High Dielectric Strength

PRODUCT # 4002

**FOR PROFESSIONAL USE ONLY
CONSULT LABEL AND MSDS BEFORE USING.**

ENVIRONMENTALLY FRIENDLY

LOOSEN UP Organic Penetrating Oil is a unique blend of organic materials. **LOOSEN UP** is nonflammable, nonconductive, harmless to paint and plastics and environmentally safe. **LOOSEN UP** contains no chlorinated or fluorinated solvents making it an ideal product to use in an environmentally conscious situation or where highly toxic products are not suitable. **LOOSEN UP** penetrates and loosens frozen and/or rusted parts quickly. **LOOSEN UP** lubricates and leaves a residual film which reduces friction, less wear and quiet, longer lasting operation. Displaces moisture by leaving an oil film that provides a chemical barrier that repels moisture. **LOOSEN UP** is nonconductive and will not interfere with circuits or electrical equipment up to 22,000 volts.

DIRECTIONS FOR USE:

Remove protective cap. Point opening in the desired direction. Hold container 6-12 inches from surface to be treated. Press button to spray. Spray liberally and apply periodically as required.

INGREDIENTS	CAS NUMBER
LINOLEIC ACID	60-33-3
SORBITAN MONOOLEATE	1338-43-8
CITRUS TERPENE	5989-27-5
PROPANE	74-98-6

OUR ENVIRONMENT: PROTECTING OUR PLANET IS A PRIORITY HERE AT SUPERCO SPECIALTY PRODUCTS. WE HAVE RESPONDED BY MARKETING AN "EARTH FRIENDLY" SPECIFIC PRODUCT THAT IS ENVIRONMENTALLY SAFE, BIODEGRADABLE, AND LESS TOXIC TO OUR ENVIRONMENT. WE PROMOTE THE USE OF RECYCLABLE CONTAINERS AND HAVE VIRTUALLY BANNED THE USE OF CFC'S AS PROPELLANTS IN OUR AEROSOL LINE.

Additional Information

Penetrating lubricants are one of the most common chemicals in any home or business they are also generally hazardous. Most penetrating sprays are flammable and toxic which make them difficult to store and dangerous to use. **LOOSEN UP** is an amazing product that is completely organic, nonflammable and nonconductive yet works as well or better than most lubricants on the market today. This advanced formula is also safe on painted or plastic surfaces and contains no CFC's. We have found that **LOOSEN UP** outlasts petroleum based penetrants by leaving a residual film that lubricates for an extended period of time. This extra protection reduces the labor spent on re-lubricating frequently used equipment and machinery plus extends the life of your equipment. **LOOSEN UP** is only 10.5% VOC which makes it far superior to any petroleum based lubricant in this respect. Ask your **Superco Specialty Products** representative to demonstrate **LOOSEN UP** as well as all of our earth friendly products.
