MASTIC/ADHESIVE REMOVER

MASTIC/ADHESIVE REMOVER is designed to soften and dissolve the mastic, glue or adhesive used to hold vinyl flooring or carpeting to concrete floors. **MASTIC/ADHESIVE REMOVER** is powerful enough for the toughest of jobs. Removes adhesive left by stickers, duct tape and labels. Also removes asphalt, tar and grease

MASTIC/ADHESIVE REMOVER's low odor, organic formula quickly liquefies mastic's and adhesives for fast, easy and safe removal. **MASTIC/ADHESIVE REMOVER** also rinses away completely leaving surface clean.

DIRECTIONS

Simply pour **MASTIC/ADHESIVE REMOVER** over the area you wish to clean. **CAUTION:** Make sure there is adequate ventilation when using this product. Allow product to set for 5 to 10 minutes to soften mastic then with a blade scrap excess mastic off of the floor. Then repeat procedure and mop off excess remover with a mop and rinse floor with water.
