Mixing Station System

For maximum cost efficiency, use Superco Specialty Products in conjunction with a *Knight Mixing Station*. Many of our most popular products are highly dilutable. Proper dilution of chemicals leads to increased savings and lower operating expenses. Many budget overruns are due to improper use of maintenance products. Your company will start saving money from the moment your Superco Specialty Products Representative installs your Mixing Station.

The Knight Mixing Station features widely adjustable dilution ratios allowing you the benefit of fine-tuning the cleaning power of each of the products used. A stainless steel case provides the utmost in durability to withstand daily use and abuse.

See our product catalog or your sales rep for product descriptions and recommendations.

End User cost based on dilution of a 20 gallon drum

PRODUCT DESCRIPTION	DILUTION RATE	\$ Diluted PER GAL	\$ Diluted PER 22 oz.	PRODUCT DESCRIPTION	DILUTION RATE	\$ Diluted PER GAL	\$ Diluted PER 22 oz.

AIR FRESH	10	\$2.76	\$0.48	General Purpose	64	\$0.41	\$0.07
PINE-KLEEN	64	\$0.41	\$0.07	Tougher Cleaning	32	\$0.80	\$0.14
PURPLE POWER	64	\$0.33	\$0.06	GREEN CONCENTRATED NEUTRAL CLEANER			
DAZZLE 50:1	50	\$0.63	\$0.11	General Cleaning	16	\$1.24	\$0.21
DAZZLE RTU	3	\$6.75	\$1.16	GREEN OXYGENATED CLEANER			
DISSOLVE	5	\$4.72	\$0.81	General Cleaning	16	\$1.17	\$0.20
ALTERNATIVE	10	\$2.86	\$0.49	Medium Soil	8	\$2.21	\$0.38
SHEEN	32	\$0.77	\$0.13	Heavy Soils / Carpets	4	\$3.97	\$0.68
THRIFT-O-LEMON	32	\$0.68	\$0.12				

At these low prices, improper use of chemicals will not be a financial drain. Furthermore, at **Superco Specialty Products** we always guarantee our products will outperform any competitor's similar items. We rely on product quality and customer satisfaction to speak on our behalf. A demonstration of our products and service is something we do everyday, not something we fear. With a **Superco Specialty Products Mixing Station** you can enjoy quality products for pennies.

A **Superco Specialty Products** representative will install and service each mixing station and work with your staff to fine-tune all products used. This will ensure maximum effectiveness for every job.
