<b>ACTIVE INGREDIENT:</b>	
Diphacinone.....	0.005%
<b>OTHER INGREDIENTS:</b>	
.....	99.995%
Total.....	100.000%
CAS NO. 82-66-6	

## PEANUT BUTTER BAIT BLOCKS

*Rodent Bait*

**PEANUT BUTTER BAIT BLOCKS** are specially formulated blocks that have a peanut butter flavor to attract and eliminate mice and rats. The active ingredient efficiently eliminates smaller rodents and pests a few days after feeding. **PEANUT BUTTER BAIT BLOCKS** are the most effective in killing Norway rats, roof rats, and house mice.

### DIRECTIONS FOR USE:

**Rats:** Apply 2 to 8, two-ounce blocks per placement. Space placements at intervals of 15 to 30 feet in infested areas. Maintain an uninterrupted supply of fresh bait for at least 10 days or until fresh signs of rat activity cease to appear.

**Mice:** While wearing waterproof gloves, break each 2 oz. block into 3 pieces and place 1 or 2 pieces at 8 to 10 foot intervals. Larger placements (up to 3 pieces) may be needed at points of very high mouse activity. Maintain an uninterrupted supply of fresh bait for at least 15 days or until fresh signs of mouse activity cease to appear.

**Follow-up:** Replace contaminated or spoiled bait immediately. Wearing waterproof gloves, collect and dispose of all dead animals and leftover bait properly. To discourage reinfestation, limit sources or rodent food, water and harborages as much as possible. If reinfestation does occur, repeat treatment. Where a continuous source of infestation is present, establish permanent bait stations and replenish with fresh bait as often as needed.

### STORAGE AND DISPOSAL:

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL

**Pesticide Storage:** Store only in original container in a cool, dry place inaccessible to children and pets. Keep containers closed and away from other chemicals.

**Pesticide Disposal:** Wastes resulting from the use of this product may be placed in trash or delivered to an approved waste disposal facility.

**Container Handling:** Non-refillable container. Do not reuse or refill this container. Offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by incineration.
