RE-FRESH 'N GO

GARBAGE DISPOSAL CLEANER & DEODORIZER

RE-FRESH N' GO beads are the easiest method of garbage disposal care available. Each lemon scented bead is safely encapsulated by a patented process. **RE-FRESH N' GO** refreshes and cleans garbage disposal quickly as well as cleans drain lines by dissolving grease and fat buildup.

DIRECTIONS FOR USE:

1. Turn disposal on to clear of all scraps.
2. Turn hot water on and run in a slow stream.
3. Run disposal, drop in 3 **RE-FRESH N' GO** beads and let run for 20 seconds.
4. Turn off disposal and water.
5. To revive lemon scent, run disposal with repeated bursts of hot water.

Additional Information

RE-FRESH N' GO beads are an easy to use product for the care and maintenance of garbage disposals. Each bead contains lemon scented liquid that not only freshens, but also cleans out drain lines by dissolving grease and fat buildup which can cause malodors. **RE-FRESH N' GO** beads are for use in both commercial and residential kitchens and food preparation areas. **RE-FRESH N' GO** beads are environmentally friendly, safe and cost effective. For more information on **RE-FRESH N' GO** beads, contact your local SUPERCO SPECIALTY PRODUCTS representative.
