SLAM DUNK

Non-Acid Drain Opener & Maintainer

SLAM DUNK's non-flammable, heat generating action emulsifies greases, fats, oils, sludge, hair, etc. and breaks-up the blockage in drain lines so that they become free-flowing and clear. **SLAM DUNK's** unique formula is pleasant cherry fragrance and easily opens clogged drains without producing the foul odors associated with other drain openers. **SLAM DUNK** generates moderate heat and agitation over a sustained period to effectively clear blockages farther down the line.

SLAM DUNK is designed for use in all types of plumbing including:

- SINKS • TUBS • SHOWERS
- URINALS • MAINS • FLOOR DRAINS
- X-RAY DRAINS • KITCHEN DRAINS
- DRINKING FOUNTAINS
- SODA DRAINS
- HVAC CONDENSATE PAN DRAIN LINES

DIRECTIONS FOR USE:

We recommend the use of rubber gloves, eye protection and protective clothing when using any drain openers as a safety precaution.

For small drains: Slowly pour **SLAM DUNK**, by the capful, into clogged drain from arm's length, then trickle water into drain to activate.

Allow to work for a 60 to 90 seconds before adding more product. Continue treatment until drain is free-flowing then flush with plenty of cold water.

For Large drains & main lines: Pour 1 to 2 pounds of **SLAM DUNK** directly into nearest clean-out and add approximately 1 quart of water. Let work for 10 minutes then flush with water hose.

NOTE: DO NOT USE WITH HOT WATER OR MIX WITH ANY OTHER CHEMICALS.

Add it ion al I n f o r m a t i o n

SLAM DUNK Non-Acid Drain Opener & Sewer Maintainer is the ideal product for cleaning, opening and performing preventive maintenance on drains and sewer systems especially in areas where sulfuric acid products are not suitable. Use **SLAM DUNK** in situations where the rotten egg smell created by acid products is a problem. **SLAM DUNK's** pleasant cherry fragrance will not offend tenants, patients, visitors or guests. **SLAM DUNK** quickly breaks down grease, slime, soap build up, hair and other materials that are usually the cause of slow or clogged drains. **SLAM DUNK's** non-dusting, stable formula is easy to use and has a pleasant cherry fragrance. When used for tubs, showers and sink drains, this product will out perform most acid drain openers while at the same time being safer to use. **SLAM DUNK** is the most economical way to maintain sewer systems. Use a capful per drain once or twice a week to keep any plumbing system free-flowing and trouble free. This unique formula features an alkaline based granule that does not generate any harmful dust when applied making **SLAM DUNK** safer than other powder drain openers.
