STRIP-EZ Non-Ammoniated Floor Finish Remover

STRIP-EZ concentrated floor finish remover will rapidly penetrate the new modern floor finishes and effortlessly remove the old accumulated deposits. **STRIP-EZ** is odorless and sudsless, and is safe for use on all floor surfaces including wood floors. **STRIP-EZ** is the first formulation that actually reconverts insoluble floor finish build-ups into a soluble solution that can be picked up with a mop without machine scrubbing. An exclusive combination of emulsifiers quickly and easily penetrates and disintegrates all brands of floor finishes for easy pickup with mops or wet vacuums. Relatively mild in its concentrated form,

STRIP-EZ reduces hazard to the skin, clothing, floors, paints, etc. It is pleasantly scented and produces no objectionable odors.

DIRECTIONS FOR USE:

Use about 4 oz. concentrate to each gallon of hot or cold water (hot recommended). Can be used with a mop, brush or machine. Rinse well with clear water. Allow floor to dry before applying new finish.

Authorized by USDA for use in federally inspected meat and poultry plants.

Additional Information

STRIP-EZ Concentrated Floor Finish Remover is the safest and most effective product for removing old finishes and heavy build-ups. This heavy duty formula emulsifies multiple layers of floor finish without the need for scrubbing machines. This makes the job faster and less trouble and **STRIP-EZ** is ideal for constrained areas where scrubbing machines cannot easily maneuver. A wide range of dilution ratios allow 1 gallon of concentrate to strip over 4000 square feet of floor area. **STRIP-EZ** is biodegradable and very mild to work with. This versatile product will strip virtually any type of floor finish. Contact your local **SUPERCO SPECIALTY PRODUCTS** representative for a demonstration of **STRIP-EZ**.
