Sun Alert: *Limiting sun exposure, wearing protective clothing and using sunscreens may reduce the risks of skin aging, skin cancer and other harmful effects of the sun.*

Additional Information

SCRUBS SUN SKEETER Insect Repellent plus Sun screen Wipes are the solution to concerns previously associated with the safe application of combination sun screen and repellent products. These patent pending wipes are pre-measured, so the user is assured they are applying the right amount of the key ingredients to provide safe and effective protection without concern of applying too little or too much.

SCRUBS SUN SKEETER Wipes are the first and only pre-moistened wipe to combine the power of DEET with sun screen protection and are EPA-registered and safe to use. The greaseless formula is ideal for active users who do not want their skin protection to interfere with their activities.

Contact your local **SUPERCO** representative for information and a demonstration of SCRUBS SUN SKEETER Insect Repellent plus Sun screen Wipes.
