THE WET LOOK

HIGH QUALITY TIRE AND RUBBER CONDITIONER

THE WET LOOK is specially formulated to instantly recondition and revitalize dull looking tires and rubber trim and restores them to a brilliant, long-lasting, "wet" looking shine. **THE WET LOOK** protects against the damaging rays of the sun which dry out, crack, fade, and harden rubber.

- TO BE USED BY:**
- CITIES • EQUIPMENT COMPANIES • TRUCKING
 - CONSTRUCTION • GAS & OIL COMPANIES
 - AUTO AND TRUCK RENTAL • AUTO DEALERS, ETC.

- CAN BE USED ON:**
- RUBBER • TIRES • BUMPERS • PLASTICS
 - MOULDINGS • FIBERGLASS

DIRECTIONS:
 Apply **THE WET LOOK** on a clean dry surface with a cloth or use a trigger sprayer and spray onto surface being treated. Wait at least a minute before wiping excess or overspray off with a cloth. For additional protection and luster, apply a second coat.

 64742-47-8

ADDITIONAL INFORMATION

THE WET LOOK's dry anti-static formula give your tires the "new look" and is long lasting. This advanced formulation provides a dirt and water repellent barrier that protects tires, rubber, bumpers and mouldings against moisture and UV rays, oil, solvents, and all the elements. **THE WET LOOK** is more than just a tire dressing. **THE WET LOOK** is formulated to instantly revitalize and recondition not only tires but also restores rubber, bumpers, plastics, mouldings and fiberglass to a high luster shine. This special formulation also helps protect against the damaging rays of the sun which can break down and deteriorate rubber and plastics. Contact your local **SUPERCO SPECIALTY PRODUCTS** representative for a demonstration of **THE WET LOOK**.
