- Anyone who wants to keep warm in cold conditions

DIRECTIONS FOR USE:

1. Do not open the outer protective package until ready to use.
2. Remove the inside pouch from the outer protective wrapper. Shake the pouch to mix and activate the contents. Do not open the inside pouch.
3. Place the hand warmer in you pocket or gloves to maximize heat efficiency.
4. If heat decreases, expose to air, and shake contents.
5. After use, dispose of pouch with regular garbage.

All natural ingredients will not harm the environment

WARNING:

1. Maximum temperature may rise above 158°F(70°C). Failure to follow warnings listed below may result in serious burns or other personal injury.
2. Careful supervision is required for use with the following: elderly, infants, children, people with sensitive skin and those who can't feel heat.
3. People having allergies, diabetes, frostbite, scars, open wounds or circulatory problems should consult a physician before using pad.
4. Check skin area often and remove pad if pad feels too hot or uncomfortable.
5. Do not use pad while sleeping as temperature may rise and cause burns.
6. For external use only - although non-toxic, do not open pouch and do not allow the contents to contact mouth or eyes. If accidental contact with skin or eyes occur, wash with clean water.
7. Do not use pad in oxygen enriched environments.
