# ABSORB J

## Absorbs Liquids & Odors Instantly

- SPECIALLY FORMULATED TO CLEAN UP FOOD & VOMIT SPILLS
- ABSORBS MOISTURE & DESTROYS ODORS INSTANTLY

**Product # 7034**

**FOR PROFESSIONAL USE ONLY**  
CONSULT LABEL AND MSDS BEFORE USING.

**SPRINKLE LIGHTLY OVER LIQUID. ABSORB J TRANSFORMS 74 TIMES ITS WEIGHT WITHIN SECONDS!**

What was liquid becomes a tidy congealed semisolid, easy to shovel, take up on a dustpan or any handy cardboard. Makes cleanups much easier, faster and more pleasant, especially since it eliminates ALL ODORS, too.

*ELIMINATES DRIPPY MOPS, TOWELS AND SWAB RAGS.*

**Ideal for:** Spills, broken containers of food, drinks, most liquids, vomit, urine, blood, any health care facility liquid, accumulations of liquids in bottoms of trash receptacles. Resulting semisolid may be flushed down drains. Since **ABSORB J** is water soluble itself, to clean brushes and mops, to salvage towels and rags used in cleanups, just wash as usual in clean water.

**NON-TOXIC • NONFLAMMABLE**  
**FRESH LEMON FRAGRANCE**

**NOTE:** In the event of toxic spills, handle and dispose as recommended by manufacturer of toxic material, consistent with EPA regulations. Do not use in conjunction with strong oxidizing agents such as nitric acid.

## Additional Information

Any custodian will tell you that vomit, urine and blood spills are a few of the most disgusting messes to cleanup. Any liquid spill combined with a foul odor is extremely unpleasant not only for the person who has to clean it up but also for anyone who happens to be nearby. In many cases of vomit, a chain reaction can follow the sight and smell of the accident and lead to multiple puddles of odorous vomit. **ABSORB J** is the fastest and easiest way to deal with this difficult situation. This handy product instantly transforms 74 times its weight in liquid to a semisolid material and eliminates odors as well. When a spill happens simply sprinkle **ABSORB J** lightly over the mess and then just sweep it into a dust pan or scoop it into the trash. The congealed material can be flushed down the drain and mops and brushes can be washed off easily because **ABSORB J** is water soluble. This product is also ideal for soaking up liquids that collect in the bottom of trash receptacles. The list of persons who could benefit from using **ABSORB J** include; bar tenders, police officers, bus drivers, school teachers, tour guides, restaurant managers, cocktail waiters and waitresses, amusement park ride operators, commuter train drivers, taxi cab drivers, jailers, nurses, sports trainers and coaches, fitness instructors, stadium ushers, motor-pool mechanics, preschool and daycare providers, morticians, driving instructors, and the list goes on and on. Anyone who might possibly be faced with a spill like vomit, urine, blood, food, drinks or health care facility fluid should have a box of **ABSORB J** close at hand.
