CHUMS / LIL' CHUMS

Heavy Duty Industrial Hand Cleaning Towels

CHUMS are a convenient hand cleaner and towel combination that eliminates the need for water and towels. Our special hand cleaner formula quickly removes grease, tar, ink, paint and many other hard to remove soils. **CHUMS** towels condition hands while cleaning using glycerin, aloe vera, jojoba, vitamin E and wheat germ extract. An **antiseptic** agent has also been added to make this product usable for hospitals, schools, nursing homes, etc. In addition to hands, **CHUMS** cleans up spills, drips and spatters from most all non-porous surfaces like tools, equipment and more. This heavy duty wipe absorbs soils from your hands and other surfaces and keeps them suspended for easy removal. Now available...**LIL' CHUMS** which are the same towels conveniently packaged in a smaller 20 count container for work truck or toolbox.

DIRECTIONS FOR USE:

To open a new container: Push down where the container is marked "press to open" in center of lid for convenient flip open dispensing. Remove container cover and thread one wipe from center of roll through the pre-cut

slot. Replace cover. Pull wipes out at an angle to dispense. Always close lid tightly after use and store at room temperature.

For use: Wipe hands or the surface to be cleaned completely and dispose of the wipe in proper manner.

INGREDIENTS	CAS NUMBER
WATER	7732-18-5

Additional Information

CHUMS Hand Cleaning Towels are a superior value hand cleaner/towel combination. Each dispensing canister contains 130, perforated, easy-tear towels saturated with a special, heavy duty hand and surface cleaning solution. These towels are made from a textured polypropylene material. New **LIL' CHUMS** are packaged in a convenient 20 count dispenser perfect for toolbox or glove compartment. This texture aids in deep cleaning soils from your hands and tools while effectively dissolving grease, grime, oil, lubricants, paints, adhesives, inks, tar and more. Soils are lifted from your hands and captured in the heavy duty towel. **CHUMS** solution does not contain any strong solvents which defat the skin and rob it of essential fluids. **CHUMS** and **LIL' CHUMS** are authorized by USDA for use in federally inspected meat and poultry plants. Contact your local **SUPERCO** representative for a demonstration.
