HURRICANE-A

Cleaner Degreaser with Bi-Phase Emulsification

- ENVIRONMENTALLY SAFE - BIODEGRADABLE
- POWERFUL WATER SOLUBLE SOLVENT
- FOR REMOVAL OF OIL, GREASE, GRIME, CARBON, SOOT AND OTHER SOILS WITHOUT FIRE HAZARD
- EXCELLENT FOR USE IN KITCHENS, PRINTING, SCHOOLS & TRANSPORTATION INDUSTRIES.

Product # 1069

FOR PROFESSIONAL USE ONLY
CONSULT LABEL AND MSDS BEFORE USING.

HURRICANE-A is a powerful, concentrated, New-Age cleaner. **HURRICANE-A** is effective for cleaning the toughest soils. Grease, grime, carbon, oil, soap scum, soot, you name it, are no match for **HURRICANE-A**. Safe on any surfaces, **HURRICANE-A** is mild to use yet powerful enough to remove stubborn soils, and will not etch glass. **HURRICANE-A** actually turns grease and oil into a biodegradable soap so you do less work!

DIRECTIONS FOR USE:
Shake well. Spray evenly over surface in a fan motion. Wipe clean. For heavily soiled surfaces, allow foam to remain up to a minute before wiping.

Authorized by USDA for use in federally inspected meat and poultry plants.

Additional Information

HURRICANE A Bi-Phase Cleaner Degreaser is a breakthrough in chemical technology. This water dilutable safety solvent actually turns grease and oil into a biodegradable soap, a process called saponification. **HURRICANE-A** is self-cleaning and non-polluting making it the ideal product for environmentally concerned, safety conscious buyers. **HURRICANE-A** is formulated with added ingredients to enhance its performance. We added rust inhibitors to protect any ferrous surfaces that may be cleaned with **HURRICANE-A** from flash rusting. Special surfactants have been added to increase the cleaning power 10 times and boost performance. Compared to most cleaner/degreaser products, **HURRICANE-A** is milder in pH and will meet the needs of any safety department. **HURRICANE-A** is versatile, this heavy-duty formula will remove grease, oil, and carbon deposits from equipment, machinery, vehicles, concrete, asphalt, etc., found at oil refineries, service facilities, manufacturing and processing plants, shipyards, commercial buildings, etc. **HURRICANE-A** is unequalled in its ability to save labor by speeding up whatever cleaning task is at hand.
