- A clean pan help to prevent rust, scale, slime and sludge
- Biodegradable & non-chlorinated
- Lasts up to 30 days

PRODUCT # 7559

FOR PROFESSIONAL USE ONLY
CONSULT LABEL AND MSDS BEFORE USING.

PAN-TABS

2 - TON

Non-Chlorinated Condensation Pan Tablets
for units up to 24,000 BTU's

PAN TABS are a newer concept in controlling slime, scum, scale and other accumulations in air conditioning and refrigeration equipment. Problems as odor being carried from the pans throughout the facility or water damage resulting from condensate overflow due to a clogged drain tube. The job of the **PAN TABS** are to keep the pans clean and free flowing to control less contaminates and minimize the growth of these accumulations that could lead to Legionnaire's Disease.

PAN TABS are completely soluble and do not form any deposits in the pan or drain line. **PAN TABS** will clean sludge, scum and other accumulations in A/C Pans and drain lines which will eliminate most of the extra maintenance problems such as odors, overflows and water damage caused by plugging condensate drains, and pans. **PAN TABS** are easy to use, safe, non-toxic and non-corrosive when used as directed.

ACTIVE INGREDIENTS

N-Alkyl (60% C14,30% C16, 5% C12 , 5% C18)
Dimethyl Benzyl Ammonium Chloride.....34%

INERT INGREDIENTS.....66%

HIMS RATINGS

Health.....1
Flammability.....0
Reactivity.....1
