FOR PROFESSIONAL USE ONLY
CONSULT LABEL AND MSDS BEFORE USING.

PINE-KLEEN Cleaner is an effective multipurpose cleaner and deodorizer against gram-negative bacteria for household and industrial use. **PINE-KLEEN** should be used at regular intervals as indicated below.

DIRECTIONS FOR USE:

Heavy Duty Cleaning: Heavily soiled areas should be mopped or brushed with a solution containing 2 ounces of **PINE-KLEEN** per gallon of water. Rinse cleaned surfaces with fresh water.

General Purpose Deodorizing: To deodorize hard nonporous surfaces such as toilet bowls, urinals, showers, sinks, garbage cans, walls, floors, kitchen cabinets, woodwork and pet quarters, mop or brush with fresh solution containing 2 ounces of **PINE-KLEEN** per gallon of water so as to maintain thoroughly

wetted surfaces for 10 minutes. Rinse with fresh water.

Additional Information

PINE-KLEEN Cleaner and Deodorizer is a powerful blend of cleaners that features the highest content of pine oil on the market today. For years chemists have known about the many benefits of natural pine oil and cleaners with pine have been around for decades. However, most of these other products only have enough real pine oil in them to make it smell like the surface is clean but that is all. **PINE-KLEEN** contains 30% steam distilled pine oil as well as other cleaners and the power of this formula is demonstrated by a high dilution ratio of 1 part concentrate to 64 parts water (2 oz. per gallon). When using this kind of cleaner the last thing you want is a substandard product. While other products must be used full strength to achieve adequate performance, **PINE-KLEEN** provides the power you prefer with a mixture that saves money. Properly diluted **PINE-KLEEN**'s working solution costs less than .50 cents per gallon (bulk concentrate) and nothing this powerful could cost less. **PINE-KLEEN** is an ideal product to dispense through an **Superco Specialty Products Mixing Station** installed free with qualifying orders to insure proper dilution at all times. For information on **PINE-KLEEN**, **Superco Specialty Products Mixing Stations** and other concentrated chemicals from Superco Specialty Products contact your local sales representative.
