TILE MAGIC Tile and Grout Cleaner

TILE MAGIC is a new, fast way to clean all tile and grout. Its foaming action lifts and removes all soap scum, grease, food by products and dirt in seconds and restores the tile to its original brilliance. Recommended for use on bathroom tile, shower stalls, floor tile, mosaics, countertops and other ceramic surfaces.

DIRECTIONS FOR USE:

Apply **TILE MAGIC** with rag, mop, sponge or brush allowing time for foaming action (3 to 5 minutes). Rinse well with water.

Pour **TILE MAGIC** into non-metal container and apply with brush, sponge or scrub pad. Wear rubber gloves and protect face from splatters. Let chemical work for a few moments, (do not allow to dry on surface) and rinse thoroughly with warm water. If surface is extremely soiled, a second application may be required. For periodic maintenance, apply cleaner diluted with equal parts water.

To Clean Brick, Stone or Slate: Wet surface with water and proceed as directed.

On vertical surfaces begin at bottom and work upwards.

Large areas should be cleaned in panels, rinsing each one thoroughly before proceeding to the next.

Additional Information

TILE MAGIC Tile and Grout Cleaner is the best product available for restoring all types of tile to their original beauty. This advanced formula is powerful yet safe and easy to use. The added cherry fragrance makes the work environment pleasant and the effectiveness of the product makes the job quick and effortless. Simply apply **TILE MAGIC** and the special foaming action does all the work without harmful abrasives. For maximum economy, this product can be diluted for daily maintenance or use full strength and tackle the worst grime, soap scum and dirt imaginable. **TILE MAGIC** is ideal for municipal use such as public restrooms at sports arenas, parks, schools, rest stops, office buildings, fitness centers, etc. Use this remarkable cleaner where other products have failed or proved to be too hazardous or toxic. For a demonstration of **TILE MAGIC** contact your local **Superco Specialty Products** representative.
