TORNADO
Granular Sewer Line Cleaner & Maintainer with Aluminum Chips

TORNADO's biodegradable, non-dusting formula generates heat and agitation that easily clears main lines and sewers blocked with leaves, trash, paper, starches, bones, tree roots, grease, fats, oils, sludge, rags, diapers, sanitary napkins, hair, and other debris so that sewage systems become free-flowing and clear. **TORNADO's** is a powerful blend of alkali and aluminum chips with pleasant cherry fragrance and when activated by water creates a chemical reaction that easily opens clogged main lines and sewers. **TORNADO** generates sustained heat and agitation to effectively clear blockages a great distance down the line. **TORNADO** is designed for municipal and industrial use in all types of sewer & septic systems.

DIRECTIONS FOR USE:

For municipal drains & main sewer lines: Add **TORNADO** according to the dosage chart directly into clean-out or man-hole and add water with hose if none exists in drain already. Immediately replace clean-out cap or manhole cover. Let product work for 20 to 30 minutes then flush with water hose or by continuously flushing a toilet nearest the main line. Repeat treatment until line is clear.

Preventive maintenance: A preventive maintenance schedule is recommended for all sewer lines and main lines. **TORNADO** is ideal for use as a preventive measure to help avoid sewer blockages. Use 10% of the

amount of product listed on the dosage chart as a guideline for preventive maintenance.

TORNADO DOSAGE CHART:

MUNICIPAL USE (per 500 feet of line):		
4" to 6"	25 lbs.	(1 bucket)
8" to 12"	50 lbs.	(2 buckets)
14" to 18"	75 lbs.	(3 buckets)
18" to 20"	100 lbs.	(4 buckets)
20" to 24"	150 lbs.	(5 buckets)

Additional Information

TORNADO Non-Acid Sewer Line Cleaner & Maintainer is a heavy duty product designed for municipal and industrial sewer line cleaning and performing preventive maintenance on large sewer systems. **TORNADO** contains a powerful alkaline compound and aluminum chips that when activated by water, create heat and agitation over an extended time period and distance. **TORNADO's** non-dusting, stable formula is safer to use than many sewer line cleaners. **TORNADO** is the most effective method for maintaining sewer lines troubled with small tree roots, debris, leaves, rags, bones, starches, hair, etc. Our unique formula will clear lines stopped with severe blockages, break down grease and sludge accumulations without any unpleasant fumes or odors. Regular use of **TORNADO**, as preventive maintenance, will keep all large sewer systems free-flowing and trouble free. For more information on **TORNADO** or a demonstration of **SUPERCO's** drain maintenance products, contact your local sales representative.
